Aviva is one of the global systemically important insurers and the largest insurer in the UK. ASEC, being Aviva UK Central Services subsidiary, continues to grow in Warsaw.

The Capital Monitoring and Forecasting is one of the most ambitious Aviva Group's projects, focused on SII Internal Model transformation for UK, Ireland and Canada business. CM&F Team ensures continued improvement of the Internal Model process and SCR reporting process acceleration.

What will you be doing?

- Designing new approach to Internal Model SCR forecast for Aviva UK
- Discussing and implementing methodology behind Internal Model SCR calculations for Aviva UK
- Increasing the frequency and timeliness of the Internal Model SCR calculation for Aviva UK
- Implementing new features and improving automation of working tools supporting Internal Model SCR calculation

What we're looking for?

- A minimum of 6 years working experience in life actuarial field
- Deep understanding of Solvency II framework
- Coding experience in VBA and R or similar languages will be great asset
- Effective written and oral communication skills, including the ability to express concisely technical concepts to senior management and non-expert audience
- Openness to work in long-term project environment

What is a benefit for others is a standard for us:

- Contract of employment
- Private medical care
- Cafeteria system of benefits

In Aviva, we provide:

- Possibility of remote work
- Flexible start-up times
- Additional parent privileges
- Group insurance combined with a capital fund
- Work in a good location (Metro Dworzec Gdański)
- Insurance discounts
- Wellbeing programs
- Remote medical consultations
- Access to e-learning platforms
- No official dress code
- A work environment that supports diversity

Be sure to apply!
